ACTIVITIES

Summer Was A Blast, But It Went Too Fast!

How did you spend your summer? Well if you are like lots of other King students, you probably soaked up rays at the beach, worked during the day; and partied at night!! If you were like most girls you finally got caught up on your soap operas, and both girls and guys alike spent as much as possible with their friends! Those sunny summer days and sizzling hot nights provided the perfect background for a perfect summer, but just like always, the time flew by, and we had to go back to the old grind at King.

Nick Pena takes a ride on the wild side!

Laurie Hanovick is the perfect 'surfer girl'

Eureka! Lori Chaney has found her 'Fountain of Youth!'

Lisa and Laura Lira prepare to bomb Mary Leiser, and Susie Guill can't wait!

Kerri Bjork and Brooke Bradley REALLY enjoyed their summer jobs this year!

Allison Donnell and John Wallace are ready to make a summer night swing!

Could anyone be as cool as Clifton Cunningham?

Tommy Shaw "got her with his best shot"!

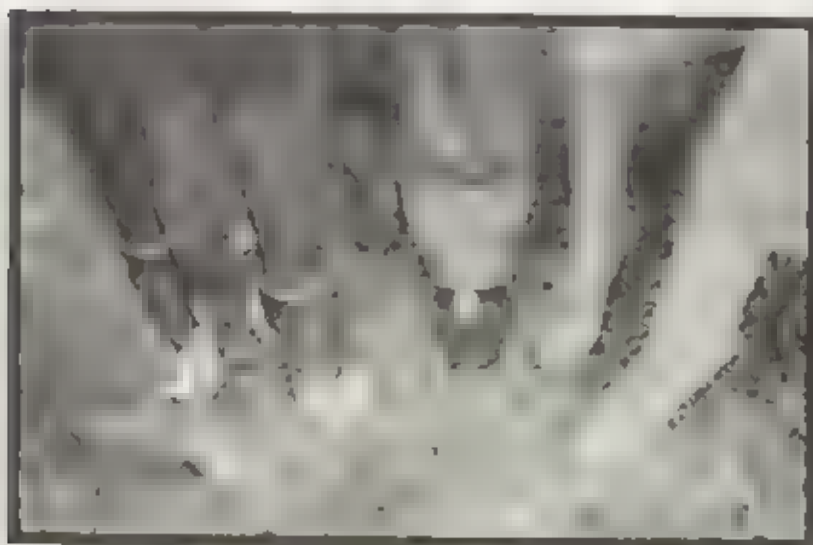

Lura Tullos and Susan Hawn giggle about boyfriends, but Diane Duke doesn't see what's so funny

Trends Of '81

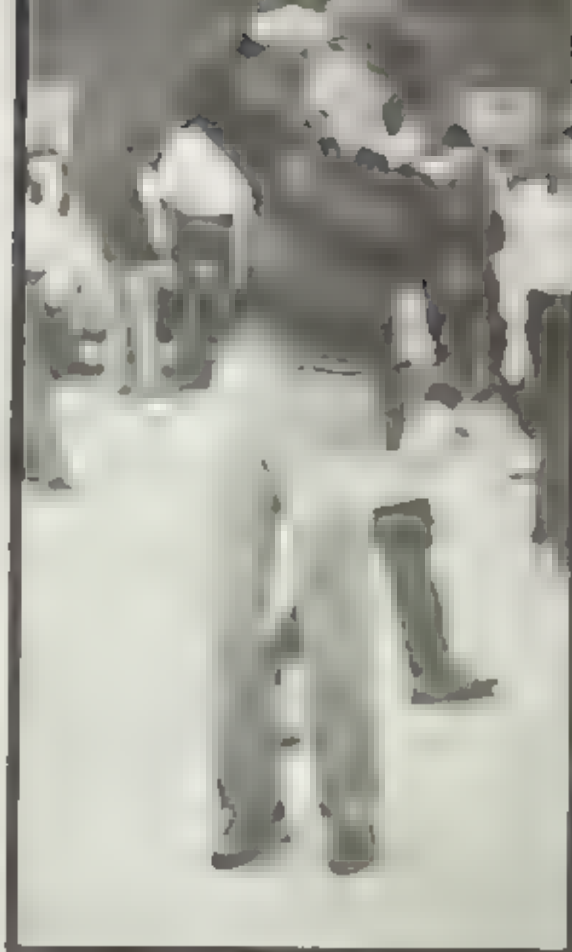

The "casual look" is John Hoover's best bet!

Take a look around; it's easy to see that there are lots of trendsetters roaming the halls of KHS! Preppy and Western were both big looks in the fashion world this year, and fad-followers are forecasting a return to shorter skirts. Get ready, guys; the mini-skirt is coming back!

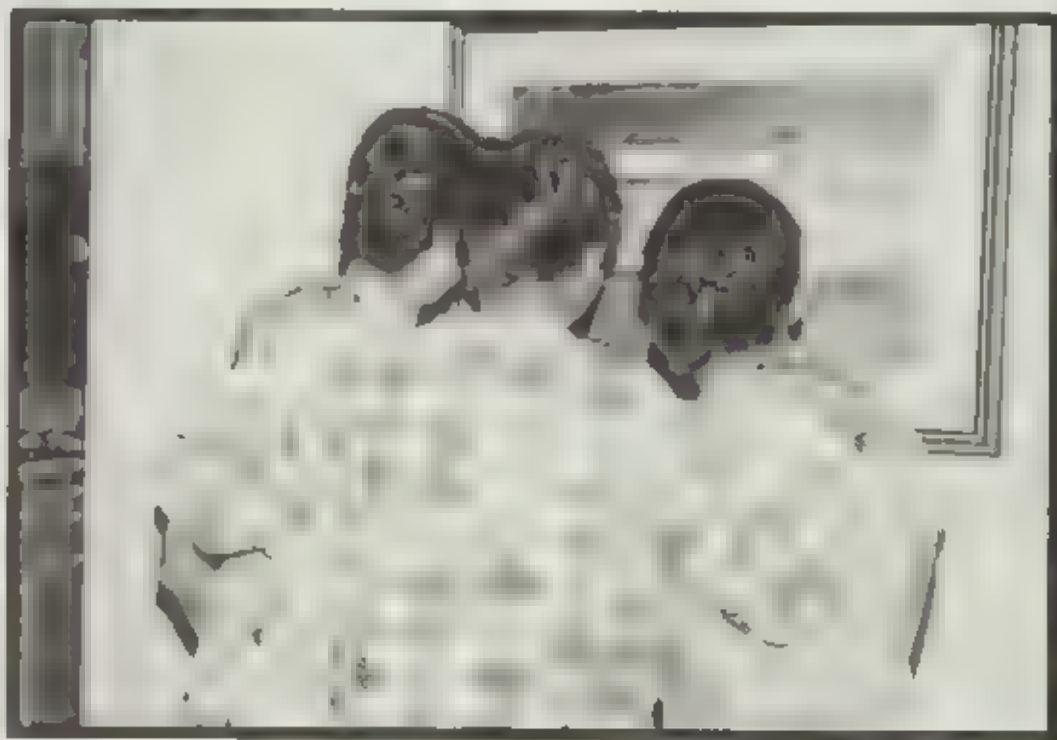

Fine footwear compliments any fashion!

Spencer Sockwell looks for a preppy girl to match his preppy outfit!

Susan Anthony prefers the "Bo Derek" look!

French braids are fun!

Our "cosmopolitan beauties" model the latest styles for the well-dressed woman!

King Students Get Around!

King has its share of cyclers!

The beach, a Bronco, and a cold can of Root Beer PARADISE!

King students ride the bus faithfully every day!

Ernest Kocurek wheels it!

Spirit Makes The Difference

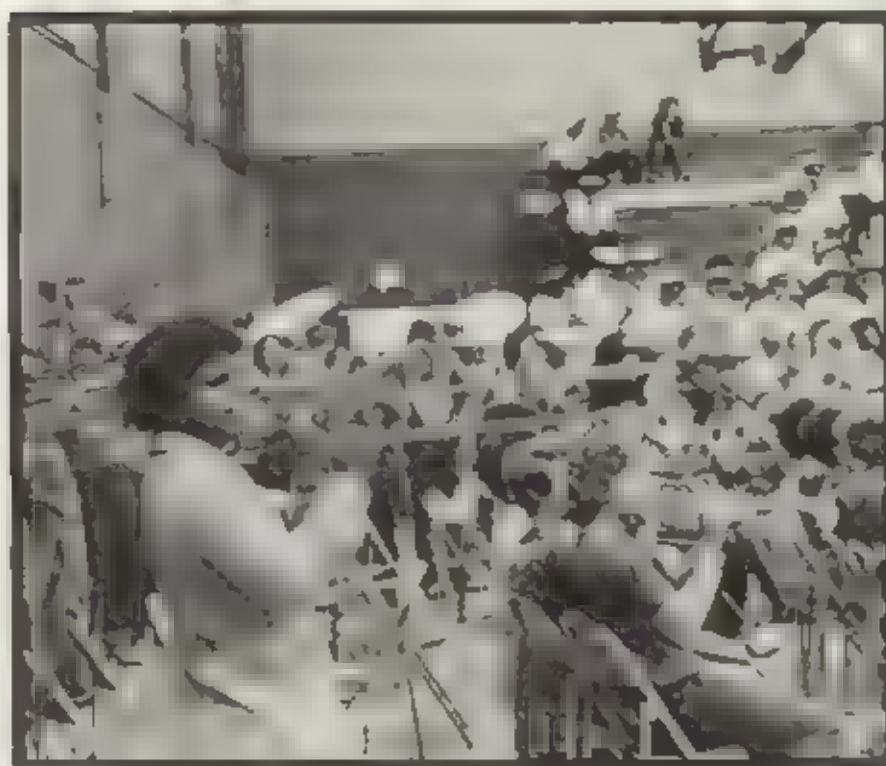

King pep rallies had it all! All our cute cheerleaders kept us yelling; all our "tough, mean" football players kept us fired up; our pretty Royalties kept smiling, and the band played on! King pep rallies are fun, exciting, and LOUD! They have to be loud to drown out the antics (?) of the Senior Men! What would pep rallies be like without Senior Men! (We almost found out this year!) And the Senior Girls, well, King just wouldn't be the same without them! And life would be SO boring without the juniors! As for the sophomores, well, they're kind of fun to have around. (Just for kicks!) There may be lots of competition between classes, especially at pep rallies, but when it comes right down to it, we are all cheering for the same team, and we all love school "our own Richard King"!!!

Junior girls really have got it together! Don't They?

Presenting the #1 Cheerleaders!

Blast'em away, Able!

Where would we be without our Senior Girls? Nowhere!

Tommy Shaw wants to play Indians, but Richard Zepeda just wants to play!

R-I-C-K-Y M-O-L-S-E-N

A-ten-Shun!

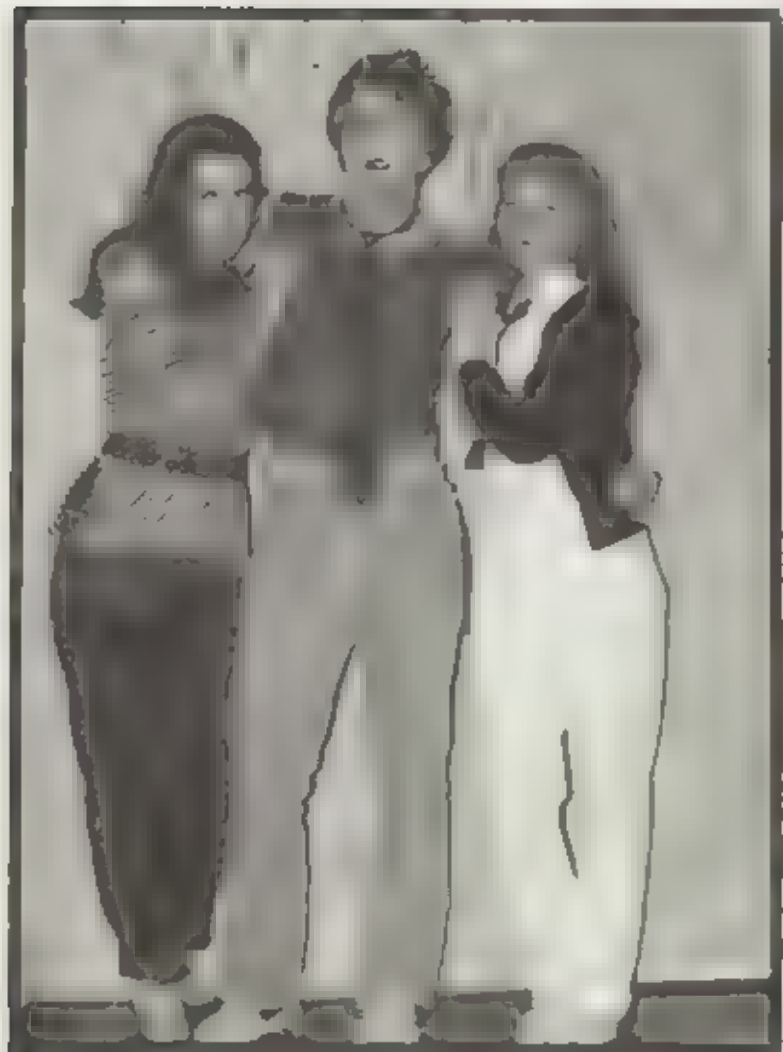

Mighty Mustangs join together in their traditional pre-game 'Spirit-Lifter-Upper'

Finally off your diet, Zack?

It's Not Too Late

Joe Christine is definitely "The Dangerous Type"!

Green hair.. skinny ties.. mini-skirts.. weird make-up.. all this is part of a new fad called Punk Rock! It's wild and strange and fun! All you have to do is be strange and different and crazy, and you'll fit right in! New Wave has been popular in Europe for a while, but it has recently become big in the United States. Led by such groups as Devo, the B52's, and The Vapors, punk-rockers pooped themselves into a frenzy! This style of dancing is easy...when the music starts, you GO!!!!!!

Nancy Nisbet, Bobby Bujanos, and Cris Carreno get ready to "punk out"!

Laura Fisher and Allisa Presslar are living in their own private Idaho!

Kathy Mayo and Joy Zimmerman can't wait to get "underneath the strobe light"!

To Whip It! Whip It Good!

Cissy Morgan and Allison Donnell will cast their spells on YOU!

This is punk as Sammy Susser gets!

Eric Hoelscher and Ken Jones don't know what to think!

On October 17, the Mighty Mustangs played their Homecoming game against Miller. Pre-game ceremonies climaxed in the naming of the 1980 Homecoming Queen and her Court. The following night, a semi-formal dance was held in the King Cafeteria and Concourse. A beautiful rainbow background and myriads of brightly-colored streamers helped make this year's theme, *Dreams Beyond the Rainbow*, a resplendent reality.

Favorites - "Under the Big Top"

The Cotton-Eyed-Joe is always a favorite at FAVORITES!

Gregg Bowen and Debbie Sosa anticipate a FUN night!

Saturday, January 30, the King Cafeteria and Concourse was transformed into a circus! "Under the Big Top", the theme of this year's FAVORITES, gave an air of color and splendor to the cafeteria; beautiful dresses and handsome suits filled the area and it was a night for all of King's "beautiful people" to shine. The climaxing of the evening for some was the Favorites Ceremony, but for others, the best was still to come!

Connie Casteneda waits for Mr. Right!

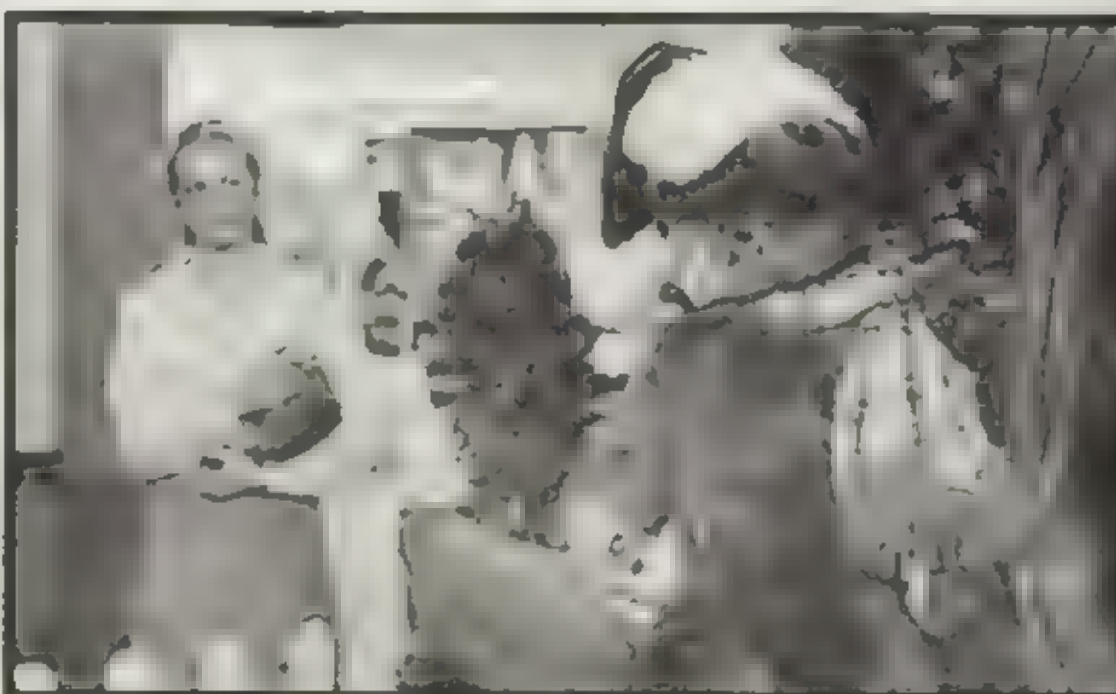

Holidays

King cuties Diann LaFara and Kelly Kolpack cuddle with "Santa" Shaw

'Twas the week before holidays, and all through the school, people are laughing and breaking the rules. The teachers are grading their papers with care, in hopes that some A's will be hiding there! When out on the lawn there arose such a clatter, Mr. Ereksen came running to see what was the matter; Don't worry, Patrick, the week will soon end; (He can't wait to get rid of those STRANGE senior men!)

Young Life and Campaigners are two of the most worthwhile organizations at King. Young Life brings The Word to many students, and Campaigners concentrates on learning God's Word in depth and applying it in life. Campaigners For Christ meet weekly, studying the Bible and having fun together in a Christian atmosphere. From ice-cream field trips to city-wide scavenger hunts, the Campaigners did it all!

Jackie Palster thinks EVERYTHING looks good!

One day, while we were sitting around, trying to decide what to put on page 31, Natalie Young, Ernest Kocurek, Val Verde, and Kevin Matronio dropped by on skates. **PERFECT TIMING:** thanks!

Here Come The Newlyweds!!

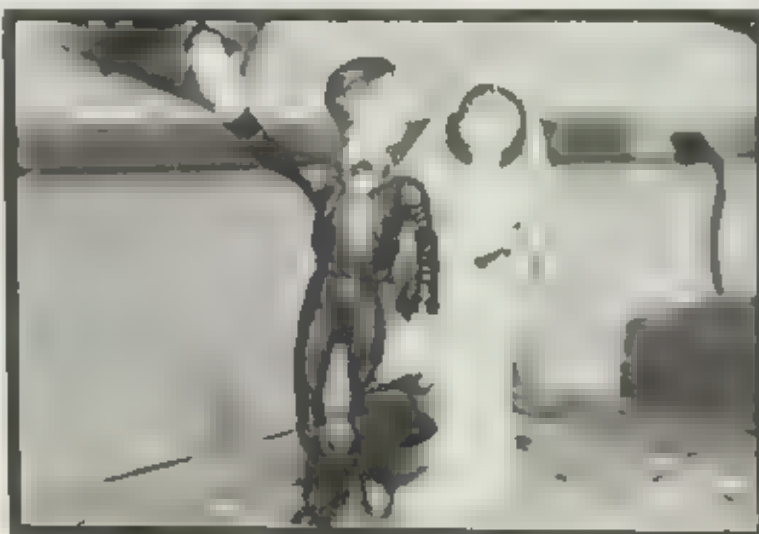

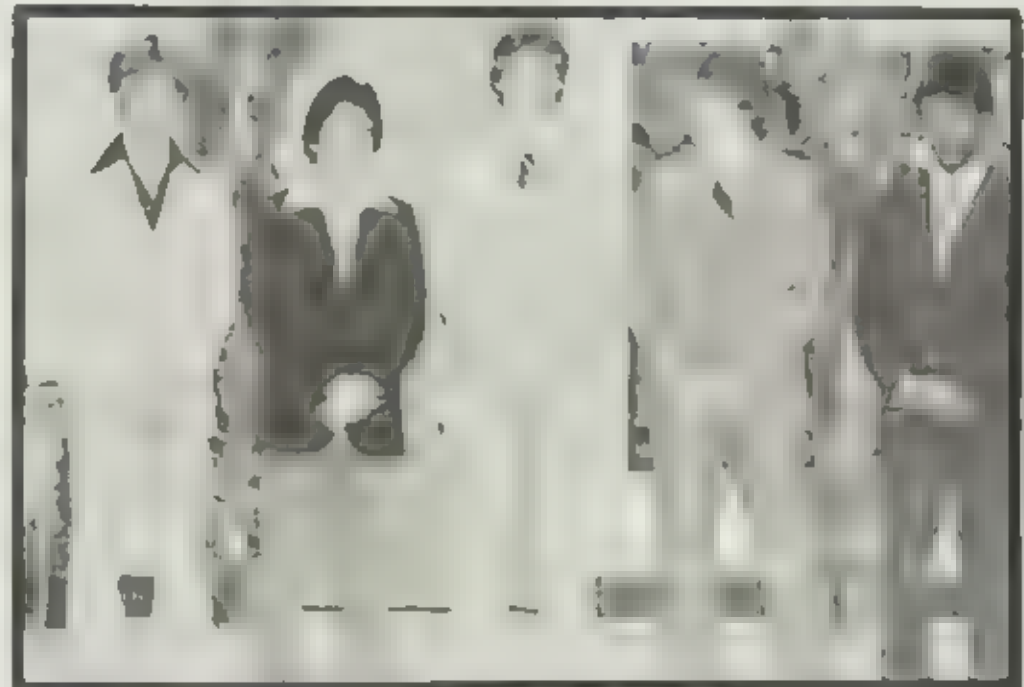

Don't Melissa Hinajosa and Craig Underbrink make a lovely couple?

The third period Home and Family Living class of Mrs. Gaddis would like to announce the marriage of Melissa Hinajosa to Craig Underbrink. The bride wore a long, white dress with a chapel-length veil, and her bridesmaids chose to wear formal evening gowns. The groom and his attendants wore suits. This lovely wedding was performed at King High School. A reception honoring the bride and groom was held in the home and family living room immediately following the ceremony. The couple refused to comment on their honeymoon plans.

Melissa's bridesmaids, Sandra Dinn, Denise Young, Cindy Casillas, and Dina Zamora, and Craig's groomsmen, John Wallis, Manuel Pena, Steve Dolgner, and Roy Hicks, wonder when it will be their turn!

Education Prospered Under

By Laura Albornoz

In July of 1962, Dr. Dana Williams took on what some considered an impossible task, the job of superintendent of the Corpus Christi schools. Throughout his career Dana Williams has faced many problems and much criticism. He overcame each in the manner he considered best for the schools and, above all, the students. On September 29, 1980, he announced his retirement which will take effect at the end of this school year.

Williams received a bachelor and master degree from Stephen F. Austin College and served as a teacher, football coach and principal in Tenaha, Texas before he became superintendent there in 1942. Six years later he was appointed superintendent in the White Oak public schools and two years after in Gladewater. His assignment before that of superintendent to the Corpus Christi Independent School District was in Corsicana.

The years Williams has served as superintendent have not been without controversy. He has faced problems concerning teacher's unions, busing, and desegregation, yet remained true to his ideals.

Twenty new schools have been built in the past nineteen years. Elementary schools now house libraries and counseling programs. Special education and gifted and talented programs have been expanded, as well as vocational and bilingual classes. Basic skills scores have improved greatly since their drastic drop in 1977.

Williams, an important leader in the community and the state, served as a chairman and on the board of governors for the United Way, Texas State Teacher's Association, and is the president of the Century Club, a group formed of two superintendents from each state. He was also awarded the Golden Deeds for Education Award in 1976.

The Williams' years have been prosperous for our community. The school system has matured with Dana Williams as superintendent, and because of his leadership the future is brighter for coming generations.

The 1980 football season caught the Mustangs with only four starters returning from last year. Led by captains Paul Trevino, Tommy Shaw, and Richard Zepeda, King picked up its first win of the season against the Victoria Stingarees. In that game, Keith Gibson blocked a Victoria punt in the fourth quarter and Richard Zepeda recovered the ball at the Stingaree 33 yard line; four plays later, Tom McBath scored from the 7 yard line. Craig Underbrink kicked the extra point to clinch the 7-6 victory.

The hard luck Mustangs finally had things fall into place against Moody, when Paul Fisher hit Mike Warren on touchdown passes of 29 and 31 yards, and Rick Caran added an 18 yard touchdown run. Jimmy Rhyne, Anthony Foreman, Tommy Netek, and Jeff Vead played good defense for King, holding the Trojans to one touchdown in a 21-7 win

Fighting Heart Award: Mike Warren

All-District Players: Front-Tommy Shaw, Richard Zepeda, Eric Hoelscher, Paul Trevino. Back-Greg Purcell, Mike Warren

Our Varsity Mustangs had a tough time this year, and although it was not a winning season overall, the student body has every reason to be very proud of each member of the King Football Team. Pride, spirit, and strong determination fill all of these men; as a team we cheer for them, and as individuals we respect them. The CORONAT Staff would like to thank every member of the football team for his important contribution to our school. We would also like to recognize those individuals who achieved special honors: Paul Trevino, Tommy Shaw, Richard Zepeda, Mike Warren, Eric Hoelscher, and Greg Purcell.

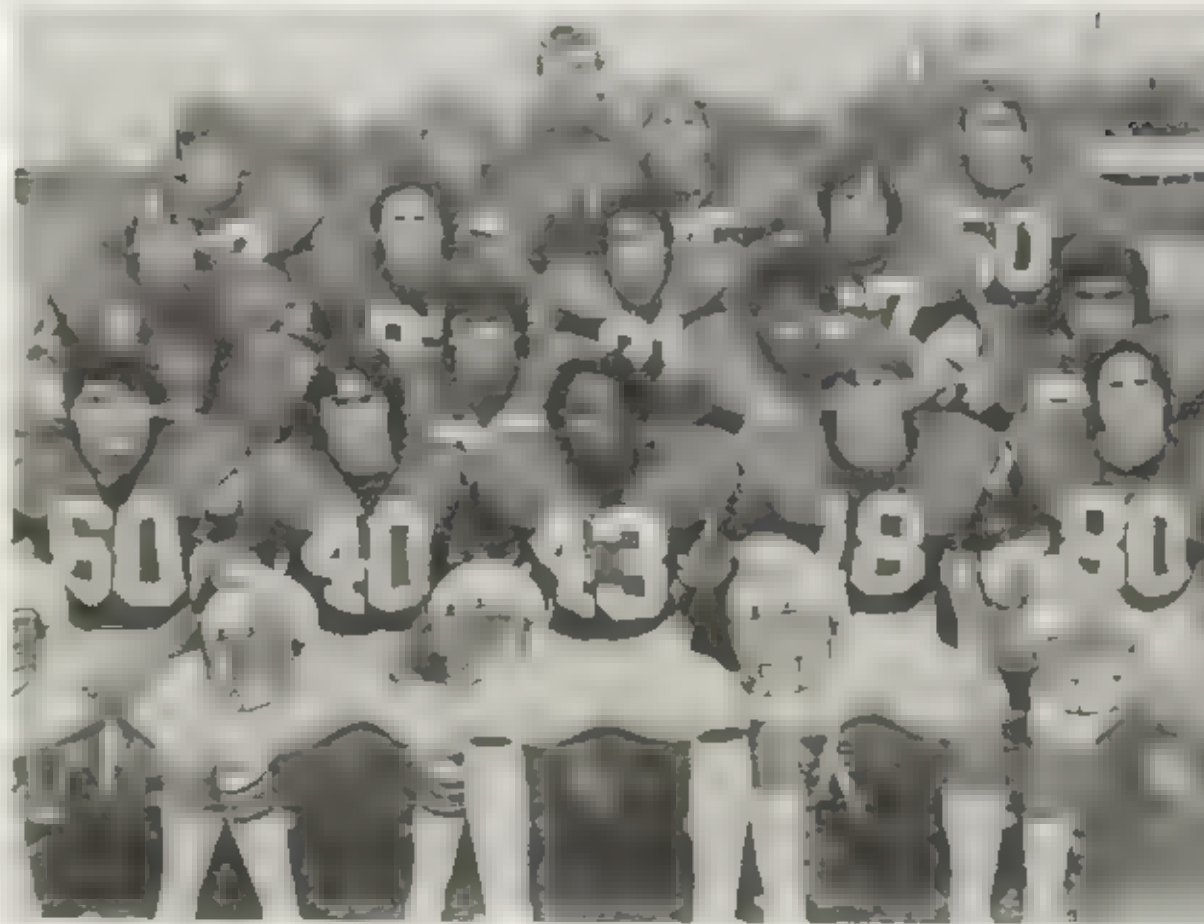

The CORONAT staff would like to recognize and honor this year's football coaching staff: left to right-Louis Garcia, Raymond Rapp, Joey Allen, Bobby Plowman, Bruce Marshall, Doug Walker

Junior Varsity Mustangs

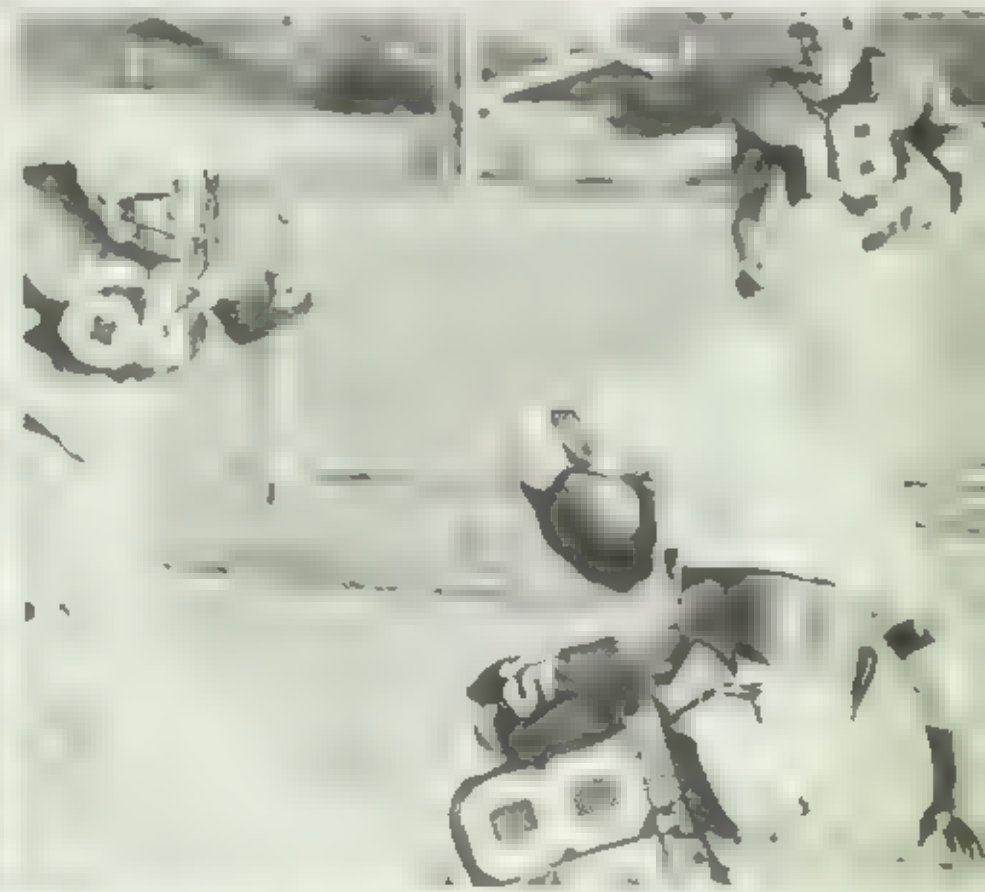

This year, our Junior Varsity Mustangs stomped all over Beeville and Kingsville, kicked Moody's booty, and ended the season with an 8-8 tie against Carroll. Paul Ortega scored a 31 yard touchdown against Kingsville, and also had three interceptions for the season. Kenny Haney ran 58 yards for a touchdown which led the Mustangs to an 8-6 victory over Moody. Leo Gonzalez, with three touchdowns for the year, and Joseph Carvajal, with the most-yards-rushed, were both big assets to this year's JV team. Coach Doug Walker, in his first year at King, took many strong players and shaped them into a strong, united team. The 5A world better watch out next year for these future Varsity Mustangs!

It is a well-deserved honor for this dedicated group of athletes; intense hours of practice and discipline were necessary, and many hours of outside activities were sacrificed in order to perfect the skills needed to be a winning team. The CORONAT Staff salutes the great 1980-81 Girls Varsity Basketball Team.

The Mustangs were barely ahead at halftime, and in the last quarter, they trailed by as much as 5 points. It was close to the very finish, when Kim Hilbrich hit a free throw, putting the Mustangs ahead by a point in the last 7 seconds. Our girls pulled it out, and defeated the tigers to qualify for district. We are so proud of the 1981 Girls Basketball Team!!! Thanks for representing us, and for CRUSHING Carroll!!!

The Mustang track girls travelled all over for invitational meets, as well as participating in city meets at Buc Stadium. Hard work certainly paid off for our '81 Girls Track Team!

New All-Weather Track Field

By Laura Alborno

A new all-weather track field has been installed at Cabaniss Field this school year that will serve to increase the competitiveness of track and field events in Corpus Christi.

At a cost of about \$400,000, the track field was constructed with a 4 foot fence around its curb, a concession stand and restroom facilities. Around this entire complex is a 6 foot fence that alone costs almost \$60,000. Portable bleachers have been set up to seat about 3,500 persons. Due to a lack of funds, the field has no lights and C.C.I.S.D. has been forced to schedule all meets in daylight hours.

The track is made of several man-made materials including a rubber base and a final layer of Cheuron 400. It has eight lanes, forty-two inches wide and is the first metric track in Corpus Christi. It is four hundred meters long.

The first meet held on this track field was the Corpus Christi Invitational Track Meet on April 4. District and Regional UIL Meets have been held there also. It is hoped that now Corpus Christi can compete with the larger cities in the sport of track and field events and that more meets can be held so that students interested and gifted in track and field will better develop their skills.

Coach Rodriguez, Coach Walker, C.C.I.S.D. Athletic Director Chuck Haynes, and Head Coach Joey Allen survey the new all-weather track facility at Cabaniss Field.

The kids that comprise the King Tennis Team are among the most dedicated people around. Coach Cass takes his tennis pretty seriously, and he passes this attitude on to the team members. They practice harder than anybody! All year long they work, running, lifting weights, and drilling for hours on end. But this year, all the aching muscles, all the long hours, and all the never-ending practices paid off during the State Team Tournament at A and M. The unranked King Team wrangled its way to the #6 position the the state! We are PROUD of our talented tennis team!

The council is now made up of elected officers, homeroom representatives and associate members who have not been elected, but participate in activities.

The council has been divided into five committees, each working individually on community projects, fund-raising, publicity, dances and promoting spirit.

What would King be like without the Senior Girls? Well, there wouldn't be any beauty, charm, wit, intelligence, humor, vitality, sex-appeal, but most of all there wouldn't be any FUN!! The Senior Girls are one of the most important sources of energy at King High School. Besides spending the first three months of school spoiling the football players, the Senior Girls devote much of their time to making King High School the FUNNEST school in Corpus Christi!

Sr. Men

Senior Men is one of the most prominent, dignified, and respected clubs at King High School. This humanitarian group devotes much of its time to many worthwhile causes, such as biological research, human relations, Eastern religions, and other things which we won't go into here! Besides maintaining spotless academic records, Sr. Men are required to keep up many longstanding traditions, such as chivalry, courtesy to ALL, and respect for nature. (this includes frequent visitations to area parks!) Besides all this, these guys are just a bunch of big lugs that you just want to hug, so get outta here ... okay you guys, just remember, we love ya, so get outta here!

The Food Advisory Team is a Group of Students from each Corpus Christi High School who meet with the Director of Food Services, Gertrude Applebaum. This Group Works toward the improvement of cafeteria services and the quality of the food served. This year they have been successful installing a salad bar in the cafeteria.

S.A.B., the Superintendent's Advisory Board from King meet monthly with Dr. Dana Williams, the School District Superintendent. Their purpose is not to make changes, but to inform the Superintendent of the problems within our schools. Three different methods are used in choosing each one of these members; the Student Council and the student body each elect one member and Mr. Ereckson selects the third one. A main factor in their being chosen is their participation in, and knowledge of, school activities and not only their academic abilities.

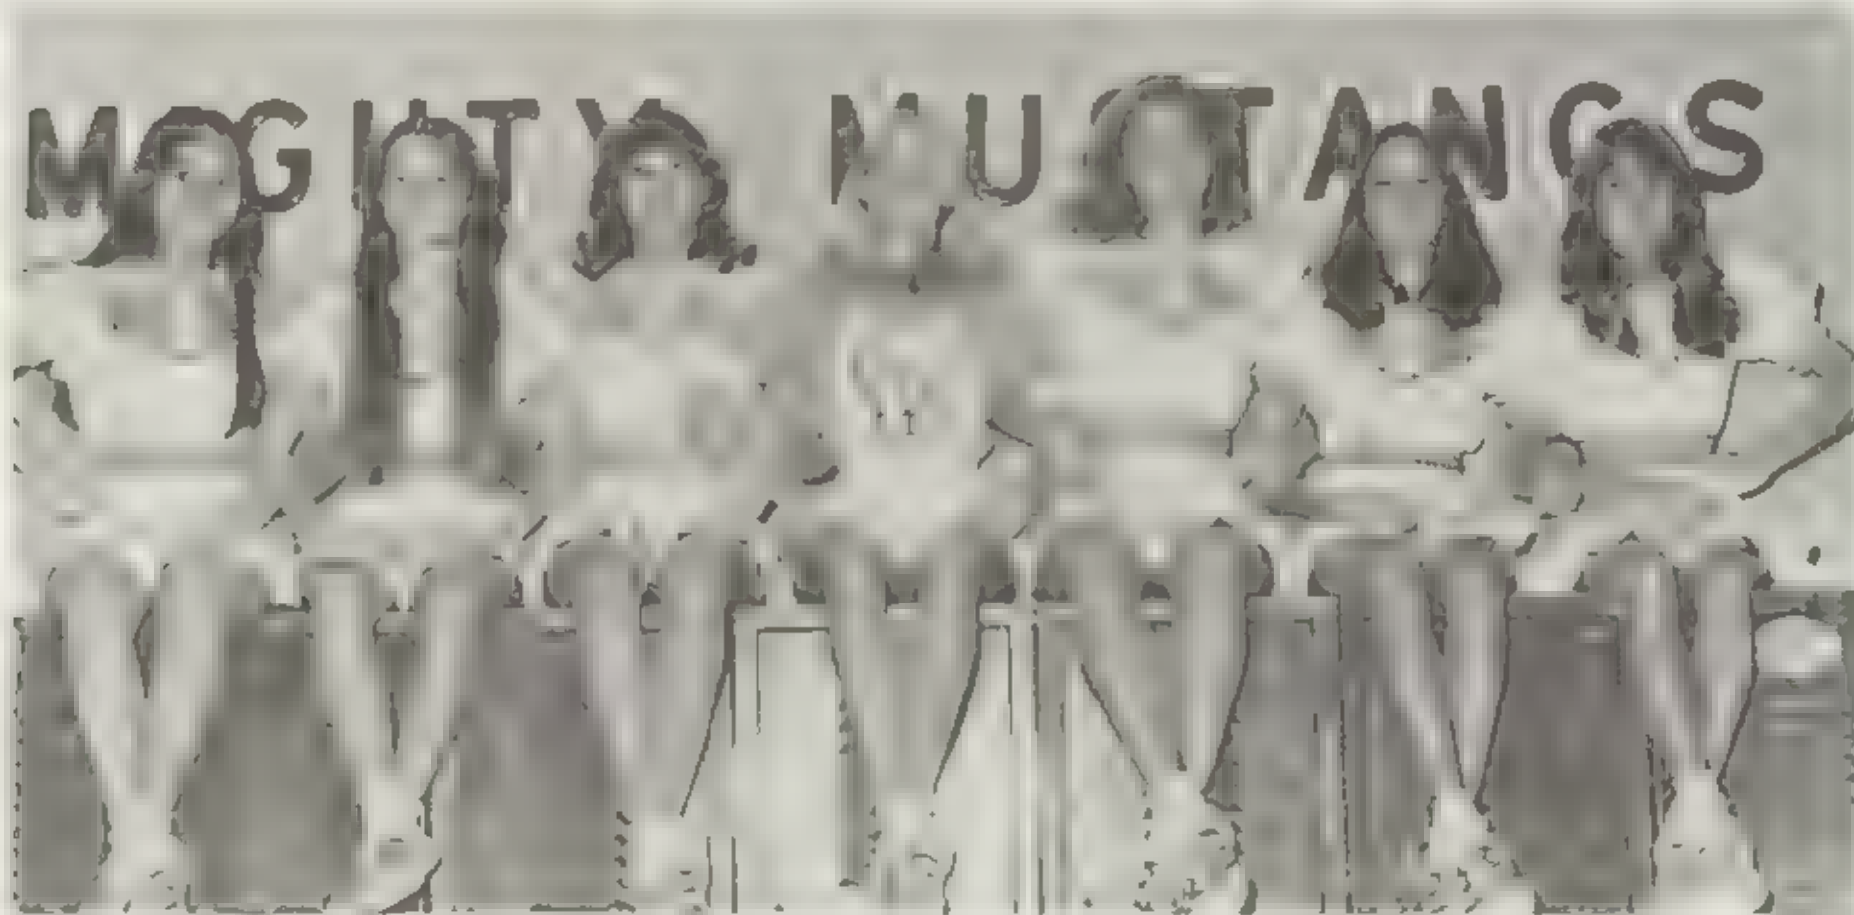

S.A.B. Members: Mark Brauer, Mary Mendleski, Anthony Foreman.

P.A.B. meets with Mr. Ereckson on the second Tuesday of each month and discusses problems and events around the school. The persons making up this board include the Student Council Executives, the Hoofbeat Editor, and those chosen after being interviewed by the Student Council officers. The purpose of P.A.B. is to form a link between the Principal and the student body.

NFL

David Kline manhandles the debate case

King's NFL had a busy year! It began early in September; their first tournament was at Ray. During October, they traveled to Bel-Aire and Houston Coronado. In November, James Gummelt and Cris Acuna qualified for State Competition in Dramatic Interpretation and Extemporaneous Speaking, respectively. LBJ, Clear Lake, and Austin were also on the schedule, but the piece de resistance was King's own tournament, held February 20-21. Although the work was tough, meeting the people, evaluating the competition, and being together made it worthwhile. King's National Forensic League worked VERY hard all year long.

Science, As Usual, To Continue Searching In 1981

Like most years, 1981 will be — for scientists — a year of searches. Physicists are searching for evidence that a subatomic particle — the neutrino — has weight. American astronauts are searching for an economical route into space.

Microbiologists are seeking a better understanding of the natural processes by which animals and plants trade genes. And one scientist is seeking evidence for a possible living relative of the dinosaurs.

'The thing that raises goosebumps is that in 1981 some graduate student sitting at a console of an experiment at Fermilab might suddenly realize that the universe is closed,' says Dr. Leon Lederman, director of the Fermi National Accelerator Laboratory near Chicago.

Neutrinos, particles produced in prodigious numbers by the nuclear reactions that power the stars and our sun, have conventionally been assumed to be massless — that is, to have no weight.

Preliminary experiments in 1980 questioned that assumption. If Neutrinos have mass, even a very tiny bit of mass, their combined gravity might be enough to "close" the universe — that is, to overcome the outward rush of the galaxies and cause them to collapse back together.

While such an event would not happen for billions of years, it would nevertheless have profound philosophic implications, says Lederman, comparable to the Copernican theory of heliocentricity.

Columbia Launched, Genetic Engineering Applied, Interon Produced, and 'Mokele Mbembe' Researed In The Exciting Eighties!

The U.S. space shuttle Columbia, which suffered repeated delays in 1980, is scheduled for its maiden flight in March 1981, and possible one more flight later in the year.

The year 1980 also brought an explosion in the practical applications of genetic engineering. This science, invented only a few years ago, makes it possible to rearrange the genes of bacteria and other living cells to get them to produce biological products they would not produce naturally.

Scientists announced in January 1980 the first successful synthesis of interferon from genetically altered bacteria. This was an important step because it opened the possibility of a cheap plentiful supply of the rare natural anti-viral substance. Interferon is also under study as a possible cancer treatment. Now, a year later, the first trials with the artificially produced interferon in human cancer patients are slated to begin in January or February.

And a University of Chicago scientist, Dr. Roy Mackal, plans in August, 1981, to return to the People's Republic of the Congo searching for a mythical creature that may be a living relative of the dinosaurs.

African myths describe the creature 'Mokele Mbembe' as about the size of an elephant and resembling the extinct brontosaurus. Mackal and James Powell, a crocodile expert from Plainview, visited the Congo last year to talk with the residents.

The researchers were told one of the creatures was killed in 1959, and butchering the carcass was 'endless because of the long head, neck and tail.'

Dear Friends,

FINALLY, here is your 1981 CORONAT. It is dedicated to you, the Student Body of King High School, and I wish it could be just PERFECT for you; unfortunately, that will not be the case. Nevertheless, our staff has done its very best; we hope it is good enough.

There are many individuals who deserve special recognition; first of all, Mrs. Gauntt, who never let up and NEVER let us down. You are a GREAT advisor and a very special lady; I will miss you so much! Also, to Ned Perez, thank you for the time spent taking pictures, not to mention all the HOURS in the darkroom! Kathy, Christi, and Susan, my "classes" staff, were the late hours worth it? I hope so! (I love Ya'll!) Joyce and Diann, I knew ya'll could do it! Thanks for being so dependable. Susan Hawn, my baby, you helped me so much by always being there! (I love you!) Dianna, I think you worked harder than anyone; you were so important to this yearbook, and you are SO important to me! (I love you, too!) Linda, Kim, Jojo, Colleen, Lara, and Janelle, thanks for doing the dirty work! Ya'll make me laugh!

Tela- you are so fine! Thanks for always helping me to see that there was a light at the end of the tunnel; I love you. Joy, Nancy, Jackie, Holly, Margaret, Ken, Allison, Bryan, Greg, Debbie, Dennis - I can't name everyone, but thanks for always being there! Mom and Dad, I love ya'll, too!

The biggest thank you of all goes to Someone who kept the sun shining, even when it was raining, and who loved me no matter what. I love Him best of all! Thanks, God!

Okay, I'm finished; thanks for listening.

Love Forever,

Lynne C.

Our King Spirit Will Last Forever
